TRACKER CORP DEBUTS TURNKEY I-9 COMPLIANCE SOFTWARE AND LEGAL ADVICE SOLUTION AT HR TECH CONFERENCE

*Software provider leverages in-house partnership with leading immigration
law firm to offer comprehensive I-9 compliance solution for human resources*

SAN FRANCISCO, CA – September 30, 2009. Tracker Corp, <http://trackercorp.com>, a leading provider of immigration management software, announces the bundling of its Tracker I-9™ E-Verify®-integrated I-9 compliance software with more than \$6,000 worth of legal guidance and training tools for Human Resources managers and debuts the package at the HR Technology Conference.

Available since March, 2008, Tracker I-9™ is already regarded as the industry's most legally compliant software, owing to its in-house legal staff, including attorneys John Fay (E-Verify and I-9 News blogger) and Julie Pearl (named one of the "Nation's Top 10 Immigration Lawyers" in 2009 by HR Executive Magazine).

"Tracker I-9 takes compliance beyond software and backs its features with legal expertise," says Tracker Corp president Fred Colman. "With the addition of tools that provide legal guidance and thorough training, Tracker I-9 represents the first fully turnkey I-9 compliance solution."

Legal advice and training features bundled with Tracker I-9 include:

- **1-3 hours of legal guidance**—Noted attorneys explain audit-options and checklists, dealing with missing I-9s, moving to E-Verify and other issues.
- **I-9 and E-Verify Training Program**—Covering new rules and acceptable documents, this customizable presentation can be distributed to clients' remote HR staff.
- **I-9 Best Practices**—This report provides up-to-date, expert advice on how organizations can avoid I-9 non-compliance penalties and develop effective procedures.
- **Sample Corporate I-9 and E-Verify Policy**—This highly-detailed sample policy is based on those used by top US employers.
- **Immediate Helpline for HR, 12 hours a day, every day**—Organizations can get instant help on I-9 or E-Verify questions by phone, text and email from prominent legal professionals. (Small extra charge.)

[Tracker I-9™](#) compliance software provides secure, streamlined I-9 preparation, automatic error detection, certified one-click E-Verify, customized reporting and a flexible application programming interface (API) for synching with existing payroll or HR applications.
